

Galaxy Forum South America 2020

Precession, Constellations, Epochs, and Astronomy from the Moon
8 December 2020 @ 18:00-20:00 UTC

on the eve of IAU Symposium 367

Free, Virtual Event

Presented by the International Lunar Observatory Association

-Speakers and Program-

| Minutes | Time | Presenter, Affiliation | Topic |
|------------------------------------|-------------|---|--|
| 5 | 18:00-17:05 | Dr. Beatriz Garcia, Instituto de Tecnologías en Detección y Astropartículas (ITeDA), CNEA-CONICET-UNSAM | Welcome Remarks |
| 15 | 18:05-18:20 | Steve Durst, International Lunar Observatory Association (ILOA) | Astronomy from the Moon, Precession, Epochs and 21st Century Astronomy |
| 15 | 18:20-18:35 | Dr. Marcelo Colazo, Comisión Nacional de Actividades Espaciales, Buenos Aires (CONAE) | CONAE's Activities Related to the Deep Space Antennas |
| 15 | 18:35-18:50 | Dr. Margarita Safonova, M. P. Birla Institute of Fundamental Research, India | LUCI and Astronomy from the Moon |
| 15 | 18:50-19:05 | Dr. César González-García, Consejo Superior de Investigaciones Científicas (CSIC), Instituto de Ciencias del Patrimonio | Precession and 'Which Equinox'? |
| 30 [15 in Spanish + 15 in English] | 19:05-19:35 | Mag. Santiago Paolantonio, Obx. Astronomico Cordoba, Museo Astronomico / Area IEDHA | History of Precession, Constellations and Uranometria Argentina |
| 15 | 19:35-19:50 | Dr. Li Geng, NAOC, China | Tracking Precession in Ancient Chinese Astronomy |
| 5 | 19:50-19:55 | Steve Durst, ILOA | Closing Remarks / Aloha / Looking Forward |
| 5 | 19:55-20:00 | Member of LOC IAU S367 | Closing Remarks and Introducing IAU S367 |

International Lunar Observatory Association ILOA is an interglobal enterprise incorporated in Hawaii as a 501(c)(3) non-profit to expand human knowledge of the Cosmos through observation from our Moon and to participate in internationally cooperative lunar base build-out, with Aloha – the spirit of Hawai'i. It sponsors, with affiliate Space Age Publishing Co., an education and outreach program known as Galaxy Forums. These are public events with presentations, panel discussions and attendee participation. Efforts are made to integrate local cultures, perspectives, and traditional knowledge. Galaxy Forums have been held in Hawaii, USA, Canada, China, India, Southeast Asia, Japan, Europe, South Africa, Chile, and Brazil.
